Appendix

(Page 2/2)

Type of Laboratory	Testing Laboratory
Name of Laboratory	National Institute of Infectious Diseases
Address	1-23-1, Toyama, Shinjuku-ku, Tokyo 162-8640, Japan

2) Premises on which key activities except testing are performed

Name of Premises	Murayama Research Buildings, National Institute of Infectious Diseases	
Address of Premises	Postal code	208-0011
	Address	4-7-1, Gakuen, Musashimurayama-shi, Tokyo, Japan

(Notes on Accreditation Certificate)

The laboratory is only accredited for laboratory activities outlined within the methods listed above. Reference to any other activity within these standards, such as risk management or risk assessment, does not fall within the laboratory's accredited capabilities.

When version information of standards or methods are not identified in the scope, laboratories shall adapt to use the current version of such standards within six months at latest from the issued date of current version.

Notes for EMC test laboratory for FCC

Accreditation does not imply acceptance to the FCC equipment authorization program. Please see the FCC website (<https://apps.fcc.gov/oetcf/eas/>) for a listing of FCC approved laboratories.
